hereinafter: you, your or yours

from the self-aware; the living soul of god within the living flesh and blood man of god created by the will of god in the image of god on land of god with dominion of god; a true fact of nature.

hereinafter: me. my, myself or i.

**i require you act in full good faith of your fiduciary capacity and express to me in writing with full disclosure of exactly what you mean when you say:

**18 whats?
dollars?**

be advised the following IS the legal definition of a dollar.

dollar = the unit employed in the United States in calculating money values. it is coined both in gold and silver, and is of the value of one hundred cents.

a federal reserve note is a debt instrument.

a federal reserve note is private script.

this appears to me to be fraud.

it appears to me that you are extorting me by compelling me against my own free will to participate as an agent in the federal reserve and use federal reserve notes after i have expressly conveyed unambiguously that i am a lawful man and i use lawful money and make lawful payments.

i am not going to do anything unlawful.

the fact you refuse real money and only accept debt instruments, which have interest attached, does not make any sense at all. can you explain that, because it does not make any logical sense at all unless you are conspiring with the federal reserve to deprive me of my natural unalienable creator endowed freedom.

your lack of specificity also concerns me. you do not appear to be conveying full disclosure to me or addressing very valid concerns i have raised.

regards,
master
